

# Gang Starr Lyrics

## "Love Sick"

### [Verse 1]

Strangely enough I've been struck  
Affected by her smile  
And yo, her style is worthwhile  
And knowing that I'm deep like a river  
I feel I should give her  
Things that those others can't deliver  
Contrary to what I had wished  
it seems that I've been dissed  
But hey, I don't want to miss this  
wonderful opportunity  
My boys they try schoolin' me  
But see I know what I want  
Someone who'll be there for the whole nine  
This honey is so fine  
But now she's hung up the line  
Upset because I told her I'm busy  
She made like a grizzly  
And started chewin' my head off  
Screamin' that I spend more time with friends  
And also, she said I ruined her weekend  
I said "I know the stuff we had planned  
but please understand  
Right now I'm loungin' with my man"  
I guess I didn't realize I'd hurt her  
She said I had the nerve to  
just neglect her like that  
Then she started bringing up past things  
and she kept asking  
how come our love isn't lasting  
I said, "Hey baby, please calm down  
cuz I'm still around  
and it's for you that my heart pounds  
Can I call you later on?  
You say I treat you wrong?  
But why you flippin' on me?"  
She said something else and then click  
Left me alone on the phone with the tone  
And now I'm lovesick

### [Verse 2]

Relationships can grip with the pain  
Arguments in the crib, in the streets, on the train  
I'm crazy fed but then still  
When she ain't there I feel sad, I feel ill  
Frowning cuz I'm down in the dumps  
The other night I took her out

so she could shake her rump  
But after we were there for a few  
    Some girls that I knew  
Stepped up and asked me to come to  
    a party they were havin' at their house  
I looked at my girl, and yo, she started walkin' out  
    I said "Hey love, just wait for a second  
        And won't you just check it?  
        It's all a part of makin' records  
Those were just some friends in the business  
    No need to get angry  
    So listen up while I kick this  
    And what about the things we discussed  
        about havin' trust?  
    What's all this attitude stuff?  
    Now hon, you know that I wouldn't play you  
But time after time, you let your jealousy sway you  
    Hey don't you turn your back like that  
        Come on, this is wack  
        You're heated up like a thermostat"  
    Then she stepped off in a whirlwind  
        and I don't know when  
        or if I'm gonna see her again  
I coulda sworn she was the right one to pick  
    But now...man I'm just lovesick
